

# GREENE

& ASSOCIATES

## EXCESS AUTO NEEDS?

We have markets to meet many excess Auto requirements, whether it is a buffer layer to meet Umbrella attachment requirements, or full excess and capacity needs.

## ACCOUNT TYPE AND SIZE

From a fleet of a few vehicles to larger schedules, we have markets to consider most accounts.

We have placed excess coverage on contractor fleets, paramedic shuttles, truckers, school buses, charter buses, food and beverage distributors, and more.
